WHO WE ARE

At Safety Compliance Experts, we don't just check boxes—we build cultures of safety. Specializing in OSHA and HIPAA compliance for dental and healthcare offices, our mission is to turn risk into readiness and confusion into confidence. With 14+ years of experience, 1,000+ practices served, and nearly 10,000 healthcare professionals trained, we bring peace of mind through proactive protection and personalized service.

WHAT WE OFFER

OSHA Compliance Guarantee Program

Everything you need to stay OSHA-compliant—on paper and in practice:

- ✓ 385-Point Office Safety Inspection
- ✓ Custom OSHA Manuals & Compliance Posters
- ✓ Engaging, In-Person Team Training (1–4 CEUs)
- ✓ 24/7 Support + Emergency Hotline Access
- ✓ OSHA Inspection Accompaniment
- ✓ Full OSHA guarantee against fines
- ✓ Dental Board of CA, PACE and AGD accredited

HIPAA COMPLIANCE PROGRAM

Confidently protect patient privacy with turnkey solutions:

- ✓ Facility Risk Assessments & Reports
- ✓ Custom HIPAA Manuals + Required Forms
- ✓ Annual Staff Training (1–2 CEUs)
- ✓ Ongoing HIPAA Officer Support & Updates

Why Choose Us?

- ★ 14+ Years Serving Healthcare Offices
- ★ Onsite visits and support
- ★ Over 1,000 Practices Protected
- ★ Millions in Penalties Prevented
- ★ Nearly Thousands Healthcare Professionals Trained
- ★ Personal, Transparent, and Fully Guaranteed

DIO IMPLANT

Over 1 Million Guided Surgeries and Counting

DIO NAVI Sets the Standard

Since its launch in 2014, **DIONAVI®**, DIO's cutting-edge guided surgery system, has been used in over 1 million surgeries worldwide. As a pioneer in digital implantology and with over 25 years of industry experience, DIO continues to lead with precision, innovation, and clinical confidence.

FEATURES		
	DIO NAVI	Others
GUIDE TYPE	Fully guided (pilot to implant)	Pilot-only or partial in many cases
PLANNING	Done by DIO's dedicated planning team	Doctor-led or outsourced
CASE-SPECIFIC PROTOCOLS	Customized drilling sequence tailored to bone density, implant position, and case type	Often rely on standard or generic drilling protocols
ACCURACY	Less than 1° deviation at the implant apex from the digital plan	Market average: 3°–4.5° deviation
COMPLEX CASES	Immediate Placement, Esthetic Zone, All-on-X and Sinus Lift	Limited
ALL-IN-ONE SOLUTION	Planning, guides, implants, and prosthetics — all from one source	Requires coordination between multiple companies

Experience the difference of guided excellence.
